Dear C-Span,

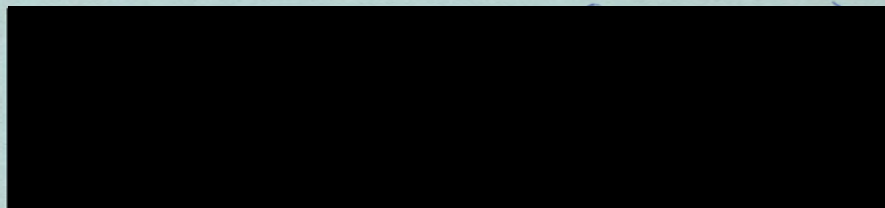

I have just recently started to watch your channel (avail on newer purchased TV) and have been very happy to listen & view Margaret Tutwiler from the State Dept. and Senator Leahy (VT) answering callers questions. It's nice to hear on-the-minute information. Keep up the good work.

I also saw your ad for C-span paper(?) with info from various weeks (\$2 offered). It would be great to send this to all high schools (& colleges(?)) that offer youth & government clubs (or courses) esp. seniors or for library use. Think of how many subscriptions you would gain with so many wanting their own (& not have to check out). High Schoolers & College students don't have the time to view your program these days & this would help them. Who knows - you might inspire a

Senator or President for the future!

I hope to continue watching your
Channel esp. with this Kuwait
Crisis.

Sincerely—

Jo Oliver,
