Dear C-Span;

the Capital in Wash.
D.C. is in quite an up-rear!!

"Aond Newt" acts as if he is
President instead of speaker of the House,
this is the first time I have ever
saw or heard the House of Rep. meeting
on Mondays. But Now that the
Contract is up things will be back to
normal. Tues, Wed, thirs, melby
1/2 of Friday.

I am hoping that the senate
will have brains enough to stop
some of Newts, Yes, Army in their
~~wild~~ wild idea's.

The Congress did need Changes.
But not so fast!!

I Miss the Call-in programs,
the Polititions would do well to listen
to C-Span, even your New Program.

The Congress did need Changes.

I do like the Sunday Morning Review,
C-Span has far better courage than
the regular News programs.

I would like the News Print,
T.V. news too dig deeper into the
Bills that are passed. We never
get this Account from the House
or the Senate, We are told that
a bill passes, But not all ~~Riders~~.
that it what Costs the Govt.

Voters want the running of the
Govt Cutt, also that 5 trillion \$
debt.. — it will not happen
because the Old boys know they have
a good Job.

— Our Founding Fathers were
business men served a few terms then
went home, today few, very few have
a business. Most are Old has-been
professors, lawyers and they will
not give-up on term limits.
this Govt. Scars me!! it is just
