Washington, D. C.*

To whom it concern:

I would like to know how a concern person can get on the T.V. and discuss the problems on drugs, guns and the society in general.

I'm in the process of opening my own business in teaching sewing and designing clothes and Arts and Crafts to the youth. I would like to get involved in the communities of Washington, D.C. and Maryland and in helping the children.

Sincerely, [REDACTED]
