Dear Sirs:

I wish you would not divide the country voters into separate callers - Instead I wish you would ask:

Are you a Voter?

Did you watch any part of the Impeachment?

One boy who called in was almost in tears and some of the foreigners could hardly read what was written for them - Does anyone have anything new to say - They quote over & over the same - None seem to feel the President, paranoid as he is, should get a psychiatrist.

Hillary has achieved what she wanted - almost - I sincerely hope she will not get into

The Senate or any other public office - The commies, hippies and gays should be very pleased with the incredible outcome of the Impeachment

I love C-Span - Rarely watch
Anything ~~else~~ unless Narvan is on.
