Dear Sir:

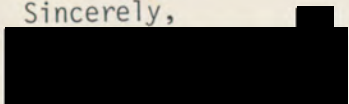

I have enjoyed your broadcasting. How does one obtain C-Span Audio Network? I am unfamiliar with this.

Also I would like to know if you are planning to broadcast more parliamentary debates. Your initial coverage, including the Queen's Opening of Parliament was outstanding. I would like to see more such programming.

Your special events, including the speeches at the National Press Club are also most interesting.

I am very happy that my local cable company does have C-Span. It is most beneficial to me, especially since I am a professor of political science at the University of Tennessee-Martin.

Sincerely,

382-90
