

Mr. Brian Lamb,
C-SPAN

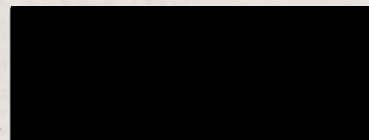

12-23-93

I shall never forget the interview with David Burke. The sight of the giddy, giggling man who claimed this story was "no fun." To see your reporters let the absurdities in these tabloid articles go unchallenged...

You did not interview the "reporters" from the American Spectator, L.A. Times or CNN - but I had come to respect you as the "soul" of C-SPAN...

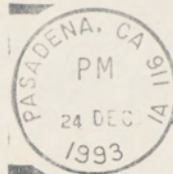

So I report to you:

C-SPAN's "coverage" of President Clinton's media-created "crisis", and your staff's ineffective attempts to be fair, have cost you your credibility with this viewer.
