

Hey Brian

I think about what is going on there at C-Span make a big change there. I think its about time you take your fingers off the D Button and start pushing C Button instead of keeping us waiting. You were getting so many conservative calls that this frightened you Brian. I know its a fact I know the persons you talk to. They tell me you can't handle the conservative they're to polite for you and that they're calls always count. This is straight from the horses mouth. So Every Monday morning the first thing that comes out of your mouth is Beet Dole & went. If you hate them so much why don't you say it on public T.V. It's so noticeable and people

are catching on. We are sending
letters to all types of groups
and explaining what you
are doing. You have gotten
calls about this why don't
you listen to the people.
Instead you are in bed
with Bitch Boy & Lesbian
Hilary. Lets you down clear.

The Hippies ~~60's~~ who never
grew up they only know how
to drink. They're a disgrace
to our Country I am ashamed
to call them leaders, they are
corrupted and is low down
to the barrel you get. My
God another 4 yrs of this I
don't think we can take. You
all know how corrupt they are
you just want to run.

They were all blown up in
all our faces, what the hell
is going back you. It's morality ~~you are~~
Stupid one of them ~~bad~~.
