

Tuesday 8/

Today's morning (8:00AM) call. In program
was terrible. Mr. Sully lost control of
his program the first minutes of the
show by letting a rude Robin Shroom
take over. I'm out here trying to learn
something - not to hear some someone
consultant push his news by talking
louder than anyone else. Please consider
your viewers. The callers are your
show - we know what a Democrat is
going to say. We know what a Republican
is going to say. If the show is for "us" let
"us" participate.
