Brian Lamb,

I object to so many liberals monopolizing the presentations via C SPAN especially when discussions of our valiant defense (or attempted defense) of weak, noncommunist valiant pro U.S.A. South Vietnam is concerned.

First, how is it that no one mentions the billions of dollars of war supplies shipped to Hanoi from Moscow, tanks, sophisticated weapons and from Red China, BEFORE, Eisenhower decided to assist slightly, South Vietnam.

Top notch President JFK dispatched U.S. troops to help defend noncommunist southeast Asia via the Southeast Asia Treaty Association (S.E.A.T.A.) with clear, categorical plans to send 550,000 troops to help brutally attack South Vietnam. The S.E.A.T.A. Treaty was ratified by the U.S. SENATE with only one senator, Wayne Morse, D. Oregon, voting against it. We certainly did not need the Gulf of Tonkin resolution or anything else. People NEGLECT (an understatement) to mention that there were 49,000 crack S. Korean troops, generous amounts of Australian and New Zealand troops attempting to protect the fine peaceful people of South Vietnam and strictly under the overwhelmingly passed S.E.A.T.A. TREATY. All the carbage about how corrupt the non communist Saigon government was was 98% pure baloney.

How come people never talk about the cruel, depraved killings, murders, tortures, actions committed by the communists, the Viet Cong and or the N. Vietnam assassination squads. I suggest liberals read works by the late Margaret Higgins (Killed by the communists as was Black red cross worker Phillippe Schyler) and General Maxwell Taylor who also wrote about how the depraved communists murdered 13,000 (mostly unarmed) noncommunist school teachers, nurses, doctors, policemen, 77 Mayors, village officials in South Vietnam during one 11 month killing binge. The communists always killed the most honest, the most capable, the most needed anti communist; doctors, teachers, policemen, etc..

Gen. Westmoreland was vilified by leftist CBS every night. Westmoreland's estimate, evaluation of the cutthroat communist troop strength was inconsequential, unimportant, about as important and germane as the belch of a butterfly. Leftists such as Halberstam are and were liars, D. Halberstam clearly advocated a victory by Hanoi and wrote to make his treasonous prophesy come true, Shame on D. H., liar.

Instead of reading Arthur Schlesinger who distorts facts to comply with his DOVISH quasi pro Hanoi views read treatises, or books by Hanson BALDWIN, DAVID REED, etc. Baldwin collected many of JFK's speeches. JFK enumerated, enunciated many times; That protecting South Vietnam from communist aggression, conquest schemes was paramount to our entire foreign policy in southeast Asia. Outstanding President Kennedy stated "Our entire foreign policy in southeast Asia depends on a Free, noncommunist, pro U.S.A. independent South Vietnam. A strong South Vietnam, noncommunist South Vietnam is the cornerstone to the free world's policy of halting communist conquest schemes in southeast Asia". It's unfortunate, Edward Kennedy never scrutinized brother Jack's speeches presentations. But LBJ was brought down, demoralized, confused by flatout communist, 100% pro HANOI, con artist, BILL MOYER. Every day Moyer would tell Johnson lies, always lies which would make the Hanoi butchers, communists look good, lies which would make the noncommunist, S.E.A.T.A. valiant ALLIES LOOK BAD, appear bad. Hiss, Moyers, the Rosenbergs cost this country hundreds of billions. Why people don't accept this, realize this, it's sad.

Moyers is building a 3½ million dollar house in New Jersey. Treachery, lying pays good. Moyers is the consummate, ideal conartist, with his early theological schooling, he disarmed President Johnson. LBJ knew domestic problems, no one could pull the wool over his eyes, RE, domestic issues, but he was not experienced with foreign defense issues. ~~His/His~~ On one program of Moyers which was just flatout pro communist, pro Sandinista lies, nonsense, Moyers claimed the sandinista killers, ruthless murders were not killing people but handing out bibles. Moyers has changed, altered his pro communist presentations naturally since a couple of years ago.

Loyal viewer, listener
