Can you explain to me, my family & friends why you have deliberately ceased covering our President? Why have you not brought us his speeches? Ever since the republican filibuster in the Senate you have not shown President Clinton's addresses to various groups —

— Where was the speech to the nations newspaper Editors ?? Shown once in the middle of the night!

— Where was his speech today to the Realtors ?? No-where!!

What kind of conspiracy is going on at your Cable Co. owned business ?? !! You have deliberately chosen not to cover this President's speeches & activities !! Why?

Because he relates immediately & genuinely with all that hear him speak!! You right-wingers are trying to keep him from the American people; us!
We will find away around you bastards!!
