Café -

Although I certainly feel you're more neutral and objective in your programs & presentation than the main stream media, more & more often, I see slight hints of favoritism towards liberals & liberalism creeping into your programming.

Thursday Am, around 8:15 - (11/3/94)
a caller called in to accuse
Tom Clinton of being a pathological liar - the host turned to his guests, changed the topic to the '92 campaign and the media treatment of it, and never discussed MIB!

Too often, callers praising Clinton & taking too much time doing so are tolerated patiently, but when it's the reverse, they are usually told the idea has been understood, & are cut off.

I'm sorry I don't have specific examples - but thought I'd vent my thoughts anyway.

Countless times, I have tried to
call or fax - regarding expenses of
this - but couldn't get through.
I make myself a memo - go off
to work - and have too many things
to do - to write, as I am today.

I would also like to see more
"Debating" of ideas between different
ideologies & their beholders rather
than main stream newspeople -
giving views (skewed) all the time!

I do love your programming -
it is essentially the only T.V. I watch,
besides daily timed local news -
and Rusty Lembaugh! I turned off
of main stream T.V. in the '60's - when
my daughters were growing! The High
Society & philosophy portrayed did not
represent our family. My daughters - in
their 20's - now watch very little T.V.
Also! When Rusty finally come along -
I heard my views represented -

Keep up the good work - and I thanks
for leaving me out!
