Dear Brian,

I'm watching your C-Span program
of 25 years of Miewer call-ins, and
decided to write to you.

I have followed C-Span for many
years. - Tried to follow cable news
from about August of 2001; but now
leave most of it, nearly all of it, for
a little bit of other cable programs,
more + more PBS, sometimes NPR,
(most of radio in this area is a
bore, + disappointment - less + less
music of worth, or comment, etc).

C-Span has no ads, no
hollering, no lies, no bias (usually);
and much worth seeing + hearing,
particularly regarding gov., politics,
the arts (especially books), et al.

Thank you !! - Keep at it !!
