Dear Brian,

001554 AUG 17 93

Please never have an ill-mannered man like Robert Schrum on ESPN again.

My goodness - he is an unpleasant person. He is exactly what we despise in politics.

Words fail me.

I like your programs, usually, but this vitriolic, rude man makes intelligent debate utterly impossible.

All I got from the program - before turning it off - was my anger and disgust. It was like watching a lunatic foam at the mouth.

Just had to tell you.
