C-span -

2664-90 AUG 27 AMST

I listened with disbelief to the Cathy Hughes radio show broadcast on C Span on Monday morning.

I heard Dick Gregory earlier in the summer on a C Span broadcast from Detroit. On this program appearing with Rep Gus Savage they were very racist. Mr Gregory made the statement - if Marion Barry is found guilty and convicted we will burn the city of Washington D.C. (Check your tapes)

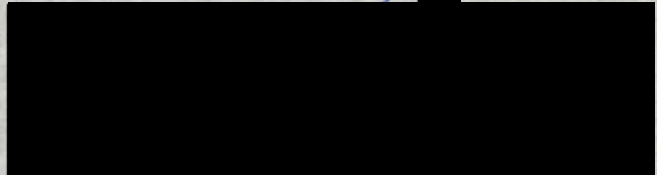

I do not think that airing a bigoted racist program which hosted the "Folier than thou" Mayor B. who was so self serving with his

threats and lies and new founded religion serves any purpose. It only serves to divide the public. Most people in the mid-west are not interested in him. The violence among the citizens in Washington D.C. is a testimony to his inefficiency.

As for Cathy Hughes she has a sharp tongue and incites prejudice.

We are constant watchers of C-span but I must express my dismay upon listening this morning.

Sincerely
