Pleasantville NJ.

Dear Sirs.

I think your information on C-Span is another bull S--- talk to get the rotten President namely Bush who is worse than Hitler. To send our young men over there to get killed for trash like him.

He like Ms. Thatcher are worse than Hitler and Musolini. He ignores the Senate or the Congress and the U.S. He is a warmonger. When he was in W.W. 2 he jumped out of a plane and left the enlisted men to die. He got us in war with Panama over a druggie where our men were killed and the poor Panama people. He has that scum bag (over)

II

Thatcher over here free-loading
on the tax-payers of America

This man is a madman.
He cares less about the poor
of this country, as far as Orsde
is concerned. We should stop
helping it also. They were
the ones who sold the poison
gas to Iraq. Also Mr Bush's
was Vice Pres. when idiot
Reagan gave arms to Iran
while he was helping Iraq. I
was 5 yrs old when we had
our first Republican Pres.
in my life and he was a scam
bag also Hoover who bought
on the depression. Then came
Nixon who stole this country
blind and got away with it
then Ford who couldn't even
stand up on his two feet.

I guess you say this guy
is a die-hard Democrat but
you are wrong. I used to be
but when you live in N.Y.

III

the crime capitol of USA
Where our Gov. is a baby
killer before they are born
while he allows rapist and
drug pushers stay in the
State Prison in Trenton but
don't put them to death like
the Court said. If he needs
someone to pull the switch
I'll do it. That's what I would
do if I were Gov. Then we
come to our Mayor, who allows
drug-pushers to go about
this city mugging Senior Citizens
He is also a Dem. and an ex
State Trooper who runs this
City like Hitler ran Berlin
So why do you fools in
Wash and Trenton stick up for
trash like Dix (D.V.I) Florio
(D.V.I) and Bush (R Tex) We
have to get a new party in
this Country. Get Rid of trash
(over)

IV

like Commil loving Bush
drug pusher's Dix and baby
killers like Florio.

Even, we should get
the draft dogger the Vice
Pres. sent to the Far East
He is a Natl Guard. So send
that bum to the front line
instead of the young men
of America. And I hope if
he goes he is the first one
that gets killed. Because
if anything happens to Bush
before 92 we would have
that ass for President.

also we here in N.Y.
want Dix and Florio recalled
Disgusted voter
