Dear Brain Lamb

Being viewer of Book Notes, on C-Span. Am surprise to see one as Your self, having Sentorial Knowledge. So may Your Guess Gentleman, So in appropriately attire. Having Ties loose, Collar open say least of all!

As myself, Your Quite assiduous in wearing Tie Properly arched. And Squared on Collar. Common Sense Prevail, as Your attire shows. Am interested in Your Double French cuff shirting always wear.

I" Too Perfect One style only. Your's looks better than my own, wish know when purchase myself please. Bring firm to one Silhouette style suiting of Traditional Three button models. At 44 years old, wore them since 9 years old.

Would suggest trying a J. Press made one. One Gorge line lapels more elegant than my two made. With white French cuff shirts, it's for most model have. Do hope try wearing one some time in future. As long time viewer, would

appreciate if able. A Photo of the
C-56a Set of Your Self. Again
Thank You For Pass Book Note Shows.
