Dear Mr. Lamb:

I would like to thank you for C-Span and the many informative programs it presents.

From time to time I have noticed that people will call in and mention something relative to a "conspiracy" and they are either cut short or the panel all denies knowing anything about a "conspiracy".

After spending the past four years reading extensively on the conspiracy against America (and the world for that matter), I can assure you of its reality. Many people involved in this conspiracy are amongst the hierarchy of the news media and censor much of what's reported on their networks. Since I have never read that C-Span was involved in this, and I believe somewhere along the way, I've heard that you either own or manage C-Span, I thought I would take a chance and ask if you could or would do more to expose this conspiracy. I will tell you that it runs **VERY DEEP** and involves many people, some in **VERY HIGH** places. Its tentacles are far reaching into politics, governments, business, education, religion, secret societies, etc. It's been around a long time gaining power inch by inch but the year 2000 seems to be the goal for this NEW WORLD ORDER.

I have purchased video tapes on the subject from the International Research and Educational Society and have bought and read many books on same. When I first learned about it I was shocked to say the least but I found myself wanting to know more and more. I still find it hard to believe that so many well known people are involved - all for POWER AND MONEY.

Some of the ultimate goals of this NEW WORLD ORDER are:

1. Elimination of the middle class (through excessive taxation)
2. Redistribution of the wealth
3. Control over educational curricula (using brainwashing tactics)
4. Three world trading blocks (No. America, Europe and Asian Pacific)
5. Elimination of national sovereignty and destruction of the U.S. constitution
6. World army under the United Nations, acting as world police
7. World socialism/communism (perhaps under a different name but communism nonetheless)

Anyone who has ever read the Communist Manifesto will recognize many of the goals of the NEW WORLD ORDER.

If you still have doubts Mr. Lamb, or think I'm out of my mind, I suggest you learn as much as you can about it and then form an opinion. An educated opinion is far better than an uninformed opinion.

I'll list a few of the books I have read in case you want to follow up.

In the meantime, I would like to hear from you as to whether or not you would be willing to take this on.

Sincerely yours,
