Dear C-Span,

I'm boiling angry and "stick and stab" ready to strike out at news-people who are manipulating me. This am the CBS reported 86% of the American people (1800) approve and endorse Mr. Bush's move into the Middle East. That is statistically IMPOSSIBLE.

Please have Lee & Solomon, authors of "Unreliable News" on C-Span. Their book can be ordered through 1-800-447-BOOK. I heard them on a WLS talk show. Damm the hide of politic body.

Sincerely,

wheeling. Il.
