DEAR SIR, I like most of your programming. (I wish I could see the SENATE channel also). Now to business.

I have yet to see ~~anyone~~, ANYWHERE OR ON ANY CHANNEL discuss the TRUE meaning of this CARTOON. I have not seen or heard any business man, Reporter, Congressman or Senator, and certainly not the ADMINISTRATION say ANYTHING about this. I see that 90% of our Depression is caused by:

1. De Regulation
2. Hostile Mergers, LBO's, Junk Bonds
3. 100% LACK of ENFORCEMENT of The Sherman Anti-Trust
4. Business's THAT can only ~~see~~ hire Bean counters who can't see beyond the bottom line of The NEXT quarterly Report (ROI)

Business
Congress

5. The "Babe" of The American Economy
By Greedy Legislators and Business Leaders

who will not be responsible for their actions.

(oil shortages, natural gas shortages, S&L Bail outs, WALL ST. SCANDALS, BANK Bail outs) when does it END?
There ARE NOT enough Jails for these people.
