How in the h--- do you
think another Jew can give
an unbiased analysis re
Mid-East Conference in Genoa,
etc = Israel & neighbors!

I find, as well as many
others, think you have a
very pronounced Jewish
bias on all of your programs.

I have no interest because
of lack of balance!

Come on, give us a break.
Of course, we know the cable
companies are largely Jewish
owned & operated, but we can not!
