Dear C-SPAN:

It puzzles me that you would give precious C-SPAN time to 1% of the U.S. population (homosexuals) in interviews and coverage of their parade.

Their agenda is to try to gain respect and recognition as a civil rights group seeking special privileges, not equal rights which they already have as individuals. They are not, as a group, poor, homeless, colored in skin, handicapped, etc., etc.,.

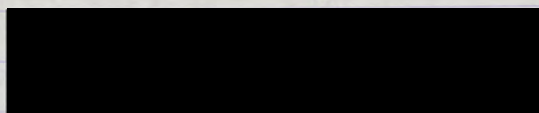

I believe that what does define them is their hatred of God and His commandments and

their persistence in participating in unnatural acts.

If you agree to film their parade, you will probably be one of only two networks who will show the entire activity. ABC, CBS, NBC, CNN showed only the parts they wanted to show from the last parade. Please don't use their films. Show all the vile things they do in the parade!

I hope, that in the future, the good taste C-SPAN has traditionally had will be evident.

Sincerely,
