Dear Brian,

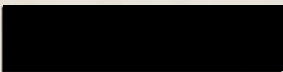

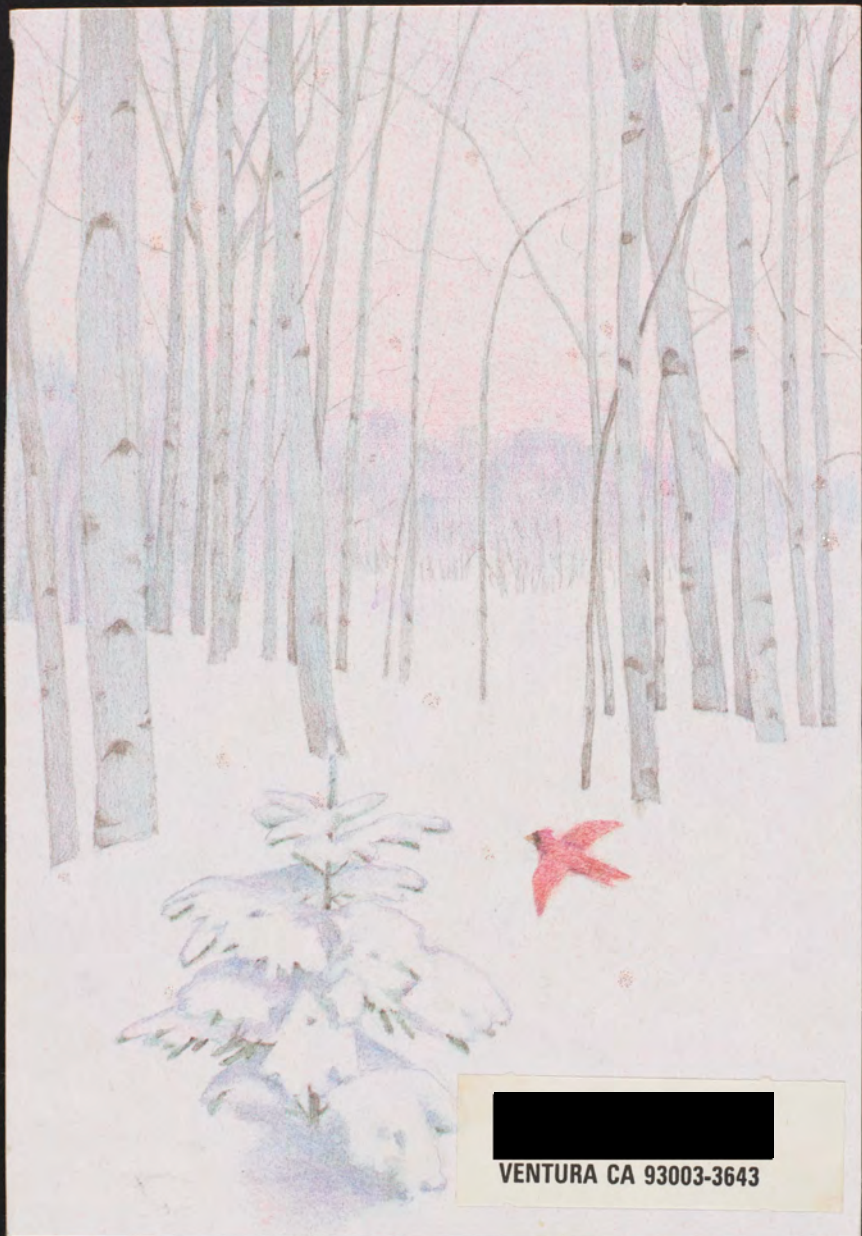

4/10/94

It thinks you must be getting soft in the Kabeya!

What in the world did you have in mind by putting together the Booknotes program shown here 4/10? Have you lost your collective minds by producing all the "dirt" on well known people? Good grief, I thought I had one of the tabloid shows on - or a National Enquirer special.

Don't ever clump all the bad news together again. Shame on you!
