Dear C-SPAN —

For the past 7 years you have been extremely important in my life. I have watched C-SPAN on channel 35 (T.C.I. - Johnstown / Altoona, Pennsylvania area) and have delighted in "Booknotes", "The American Presidents", Congressional sessions, and "Washington Journal" (~7 days a week) I use C-SPAN to keep me informed of current events and to educate myself on the Nation's history and issues. You do an outstanding service.

About 3 weeks ago I was devastated, when I tuned into C-SPAN'S channel (35) and discovered that it had been dropped from our programming and replaced by a "HOME SHOPPING CHANNEL" !!

This is an outrage and a very sad commentary on how the cable provider in this area regards the public viewership!

(over, please)

I am informing you of this disparagement
in the sincere hope that you may be able
to help rectify this unacceptable aberration.

Thank You for listening.

We support your excellent work!

P.S. Do you recommend writing directly
to T.C.I. of PA (cable co.)?
Would you happen to have their
address; I couldn't find it.
