Chairman/CEO  
C-SPAN Networks

Randy:

As they say on the islands, "Thanks Mon" for the lunch and especially the personal tour of the C-SPAN network. Needless to say, I was quite impressed with all the staff, resources and programming going on at the place.

Obviously, you've been out of the loop for quite some time and all the new people have done a really fabulous job of putting together this incredible operation. For all I know, they've got you driving one of the C-SPAN buses -- and the day I was there was your day off because you were getting the oil changed on your bus.

FYI, my presentation went very well in Virginia, and even more importantly, I didn't get lost driving there. I'll just have to wait and see if I get any business out of it.

Thank you again for your kind Southern hospitality. I hope you find some reason, business or otherwise, to visit the Clan [REDACTED] in Chicago sometime in the near future. You should know I have a very long driveway with a cul-de-sac, and you're welcome to park your bus there anytime.

Kindest regards from your outlaw cousin,
