To Whom it may concern:

I have watch C-Span for many months before this week I believed you were neutral in your coverage and that all of us both democrats and republicans could benefit. Now I'm wondering.

I think that Will Rogers said it best in 1924, he didn't believe the democrats should enter the presidential race; they ought to let it go by default he said, "There is only one way to get even with Harding now and that is to leave him in another term."

This must be the way you feel about George Bush!

Sincerely
