

Oh no you dont + O.W.

When did you get into
the business of chastising
"the callers" re their
use of descriptive words,
in reference to the word
"Colored", when my dictionary
clearly says "Designating a dark-
skinned people, esp. Negroes".
Brian Lamb, you have really
crossed the line into Liberdinism
& Big government, as I have noted
suspected for some time.

Freedom of speech is not the right
of yours, to pick & choose how one
should use it, as to your thinking -
