

6-Impeach

I feel the Republicans are carry this impeachment thing to far. Yes I believe the President did wrong but he has did a lot for this Country while in office I am really proud of the President for not stepping down I feel he ought to stay in office. Oral sex and sexual relations are two different affairs. I also feel Henry Hyde, Bob Barr and all the others holding office should not of been allowed to vote on the President having sexual affairs there selfs. I heard on one of the talk shows Jim Nickolson saying the Republican's are against abortion what about Bob Barr paying for an abortion. He also said they were going to work on some of the bills

I feel if they would not
of paid Ken Starr over 40
million dollars to find out
things on the president and
only came up with him
having an affair we would
have all that money for
Education, Social Security
and other things. I see no
reason Ken Starr is back in
Washington how much more
of our tax money is he going
to get. I would also like to
know what the Republicans
and Ken Starr has against
the President. Drop this
impeachment and let the
President do his job like he
has been doing. I for one
am very proud of him. I
always was a Republican but
am changing to Democrat
because they think more
of the people so far 25 of us

have charged. I have wrote
to Capitol Hill and told them
also how I felt. Keep up the
good work mr. President I
am proud you stood up to
them)
