

Declarations

1.

Rockport, TX. 78382

We will not fight our battle alone.
There is a just God who presides over
the destinies of nations; and who will
raise up friends to fight our battle for us.

- Patrick Henry -

Brian Lamb
C-SPAN

May 15, 1998

Dear Brian,

I watch C-SPAN almost exclusively
on television. I have it on all day
& until late night & record the ^(early-might) AM.
hearings I couldn't see otherwise.

I turn to CNN and the other networks
for short periods to compare how they
are covering the same stories, or main
stories, ~~of~~ if they are covering certain
important issues at all.

The other television networks are
propaganda extensions of the executive
branch (when it is Democrat) and
the international socialist (UN) agenda.
They speak with a unanimously
consistent leftist, socialist voice. Their
perversion of truth and whining about
"fairness" while they labor to distort

I've never been able to get through on the phone.

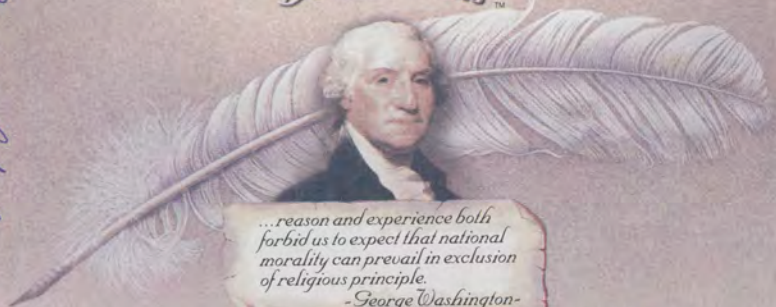

truth and prevent justice & "fairness" is nauseating in the extreme.

The blatant, shameless lies of national network television make them irrelevant for any source of accurate information. I consider them irrelevant talking heads - obsequious slaves of the New World Order (Mr. Bush's own phrase from his own speeches as well as others).

I have written Falcon Cable T.V. three times requesting C-SPAN 2 in the Rockport-Corpus Christi area and they have not even answered correspondence at all. They send me ads for special offers on sewage movies from Hollywood and the other trash called "entertainment" on U.S. television. I do not waste one minute of my life watching cheap, vulgar American "entertainment." It is ugly, violent & depressing.

My next favorite is the Michael Reagan radio talk show which I can listen to when I have to be active & can not sit. I rarely "sit" anyway - I just have C-SPAN on all day and watch as I go by & stop periodically for details.

I'd like to get Michael Reagan on America's Voice but Falcon is silent on that also, so I'm getting connected to the internet right now - or will get a T.V. disc if necessary to get C-SPAN 2 & America's Voice.

...reason and experience both
forbid us to expect that national
morality can prevail in exclusion
of religious principle.

-George Washington-

It is also nauseating the way the
international socialists whine and
cry that C-SPAN should dare allow
the expression of conservative opinions
as though it were a "conspiracy."

They control all the rest of the T.V.
networks and most newspapers!

WHAT'S THE BEEF?! (you might say.)
Where is their whining "fairness"?
Fairness doesn't exist among them
except as a talking slogan.

The newspapers do a better job than
the pretty boy talking heads on our
national numf-brain media, but not
much better. I cancelled the Corpus
Christi Caller-Times almost a year
ago. It is nothing but politically correct
tripe. You would think the U.N. was
writing all of our news - which it may
be.

I do get some information in the
Washington Times Weekly Edition and a

The thing they are planning to do in the L.A. papers is exactly why I cancelled
the local propaganda reg.

few other magazines.

C-SPAN and talk radio are the best. Radio is getting as exciting as it was during World War II & the forties when I was a little girl. I am 55 years old and was born in 1943. We used to huddle around the radio in those days.

I am retired from 25 years in national advertising agencies in Chicago.

Perhaps the television news is more disgusting to me because I know how television is produced and how the impressions, atmosphere, moods & dialogue are carefully managed to create certain impressions.

If I could get truth in newspapers and news in newspapers I'd bother reading them again (the main ones). They waste my time with their attempts at brain washing. No data at all is better than lies & disinformation.

You are one of my favorite people of this era of history, Brian. You represent what this nation should be all about and used to be all about - and that is freedom and truth. There is no freedom without truth, wherever the cards may fall.

I don't know how you endure the unfair attacks & stupidity you endure every day. (George Washington wasn't on a picnic out there either.) America love you, Brian

(I like Larry Flyntman, too!)

Sincerely,
