C-SPAN:

Many thanks for the coverage of the "IRS" Oversight Bill Hearing by the Senate Finance Committee" Friday 5/1/98. I have a background in newspaper and broadcasting and had a chance to watch the whole thing. The Senators were gentle, kind, considerate, but looked good in meaning they want a tax change after listening to all the testimony and facts. It's about time! Great "live" coverage of interests to us all..BRAVO!!
