

March 23, 1994
Clayton, Ala.

Dear Brian:

I have been wanting to write you and Congratulate you and O'sparrm for keeping us posted on just what is going on in this Country. First I want to say that I am 75 years old and also that I am a Republican and have been since my first Vote. Now I want to say that I think Slick Willie has really slipped on a slick spot. I am thoroughly disgusted with that bunch of democrats who vote down every bill the republican introduce in the legislature and the Senate. That is good for the people of this Country. It is just about as close being gang related as you can get. You have a boss and a gang of people who seem to

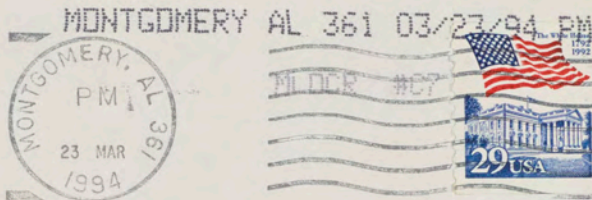

Think that just because
he wants something they are
obliged to give it to him. They
don't give a damn how it will
affect us. They keep shoving it
down our throats about what
the democrats have done in
the one year they have been
in charge. All the things they
brag about began back in
1992 before Bill Clinton took
charge. I don't know of any program
they have come up with that
has had any effect on the
economy & well being of this
country. They keep talking about
1997, 1998 & 2001. That is
not helping us solve any
problems now. I believe that
what they are leading us into is
complete financial ruin. I would
like to say that I love this

Country. I served in the Army
in world war 2. I went in on
Omaha beach Normandie end. Day
June 6th 1944. It sure grieves
me the way this Country plays
up the Vietnam issue. They
have completely forgotten about
the thousands of Men & Women
that was listed as missing
in action & unaccounted for.
Has anybody Made an effort
to try & find them the
Missing from world war 2.
Guess I better close this for now
Again I would like to thank you
and all the staff at C Spann.
for keeping us up to date on
what is going on in this
great Country of ours. Keep
it up.
