

Dear Mr Lamb:

I'm so sorry you did not
like the outcome of a completely
fair talk show, in fact, the only
unbiased Z.U. talk show that I'm
aware of. The usual format on Z.U.
talk shows is that 2 or three liberals
beat up on one lone conservative.
Your show was first come, first
served, period!

However, since you have made
the decision to idea norm, I assume
you have established an out-reach
program to attract more conservatives
to your staff. I am looking forward

O.W.

to seeing you make sure that
half the papers you read from
are liberal leaning and half
are conservative leaning. Realize
it's hard for you to get conservative
newspapers so early in the
morning; but, it was hard for
you to get liberal callers so
early in the morning and you
found a way.

I am hoping that you will
now make sure that half
your screeners and half of
the people that actually decide
to air what programs, at what
time, and how many times they
will be repeated, will be conservatives.
Again, I'm sure you will make
sure that half your hosts are

unbiased conservatives. I trust
that now you will be sure that
half your journalist guests
are conservatives, claiming
to be unbiased or independent,
and half will be liberal journalists,
claiming to be unbiased or
independent.

Conservatives have been treated
with such extreme prejudice that
they seldom go into journalism,
knowing full well, that they
probably won't get a job
and if they do, they won't be
promoted. Perhaps you will
have to have a quota system
and judge conservatives by
different standards than you

do liberals - just until you
reach your goal!

Here's to the new outcome
based C-SPAR! I hope
it works better for you
than it has for our schools.

"An error doesn't become
a mistake until you refuse
to correct it".
