Dear Program Director:

My husband and I are very appreciative of the excellent programming on C SPAN. As an anglophile and former Brit we especially enjoy Prime Minister's Question Time from the House of Commons.

But recently the captioning has been changed. Before the questioners were identified by name, party and the constituency they represented. Now only name and party appears. Knowing the area the MP comes from helps to understand their line of questioning.

Is it possible that the former method of identification could be restored? We'd really appreciate it.

Thank you.

Sincerely,
