Mr Cliff Cincaid And Others

I go along with ever thing you said about C.N.N news like Mr Mc Neal said they went in there and bombed their communications out and C.N.N went in there and put them in one free of charge

That is why I went off cable years ago on account of C.N.N. and put me up a Antina

I spent about 3 1/2 years in the service in World War two. two years of that over seas. Nine month and two weeks on the front line with Gen. Gorge Patton and the 3rd Army I was in the tank Destroyer Bn. With 5 major battle stars including the battle of the Buldge some times the temperature was out degress below zero and with snow and ice and I dont like to hear some body crite size what I gave almost my life for and my health is almost gone. talk about shooting Civillien thing I dont like to do that either I like to live also. we shot Church towers out and water towers anything that was high where observation points could be We stayed in a bombed out hospital and school houses and ever thing else that was tore up and I have got pictures of towns that was laying flat. I have about twenty five page of printed records of what was done. also have pictures. We were attached to the 5th Inf. Div. I will give you just one place I found in my records of what we did in one month 25 pill boxes & occupied houses all this was done in the month of Feb. 1945 just across Saar River into the Siegfried line. I have got hundreds of other places like this I can give you. We traveled 433 miles during April 1945 on a tank you are tired of reading all of this so I will say

may God Bless you and America and all of
our troops.

Bill Oliver

P.S. I would like Mr Cliff Kincaid have this letter
if possible
