Dear Mr. Murphy,

I am writing this letter to urge you to include Dr. John Hagelin, presidential candidate representing the Natural Law Party, in the televised presidential debates. I feel that Dr. Hagelin, as a scientist, offers a number of very unique and refreshing ideas concerning the problems that face our country that will be of great general interest to the viewing public. Dr. Hagelin is presently on the ballot in 28 states and expects to be on the ballot in 35 states by election time. Having achieved credibility as a candidate, he deserves to be heard. The debates unfairly exclude third party candidates and, as such, are non-democratic. The only criterion for debate participation should be the ballot presence to gain enough electoral votes to win the election. Thank you for your attention.

Sincerely,

Knoxville, TN 37932
