Gentlemen:

For the first time I have a negative about you.

I know many people worked on and analyzed the
new tapes & want you are using in the
lower left hand corner of the screen.

The fast line over the blue strip is fine - BUT
the other information isn't sharp or dark enough
for me to read it. Could you do a little something
about this so I can have that important information?

Keep up the good work! Thanks,
