Brian Lamb BPPAC Re: Haynes Johnson & R. Novak
Shown on 3/20/94

What a breath of fresh air it was to see & hear Haynes Johnson, a reporter, a journalist & author, call it like it is! Time after time he set the record straight - he corrected Novak over & over, such as when Novak tried to call Whitewater a "scandal". He corrected Novak when Novak tried to suggest that the Clintons were "high rollers" in Arkansas! He spoke up and said that he didn't believe that was so at all & informed the public that as Gov. of Arkansas he drew a salary of only \$35,000 - the lowest in the nation!

Haynes Johnson's use of fact; not right-wing propaganda, was illuminating and educating. I believe that is the purpose of your network!

Thank you Haynes Johnson for your honesty! You put Whitewater in the proper perspective! The right-wing, with the help of the media, is trying to destroy the reputation of President Clinton. Literally. That is obvious to me & my family & friends!

We agree with Mrs. Clinton — this is a massive, organized, well-funded right-wing Republican plan to destroy & discredit the President of the United States and our First Lady! If they can tarnish reputations then they think they are the victors. They are wrong. Americans can see what's going on — we see.

What good this President has wrought! We see how hard he works & we see how deeply he cares for the common man of this country!

His intelligence is renowned and we are grateful for this wonderful man who is our President! What a difference he is from the truly corrupt past two administrations!! We haven't forgotten what a recent history! Reagan & Bush pretty much ruined this country and President Clinton has turned it around! Our economy is at last headed in the right direction, the deficit is down by ^{\$}100 billion and guess what — Health Care for All! What a concept?! Thank you Bill & Hillary Clinton!

And thank you, Mr. Johnson, for constantly speaking out with the truth — this is not the administration that the republicans ~~are~~ would have us believe — and in the end the truth will out and they will be shown to be the party of the politics of destruction and we Americans will see that they pay dearly for it!

P.S. Whenever CSPAN quotes the 'Washington Times' so often (and you do quote them so often!) why don't you state that the RNC/Moon owns it and that he is a rabid repub who has given hundreds of millions of dollars to Reagan, Bush & the RNC??! Why isn't that fact considered important??!
