

Dear Brian,

I have hesitated for a long time writing this, because I did not want to appear to be "whining" about the changes that has been made in the C Span's programming. But I am the type that just could not resist voicing my disappointment.

I thought for a while, that maybe it was just me, but I waited and have heard many callers (not "radical") voice the same feelings.

You can't imagine what my true feelings about C Span are. Not because it sided with me - but because it sided with no one. And you did not screen calls. And now you are screening calls. Your reason was that you were getting too many Clinton bashers. That

shouldn't be a reason, because if either pro or con Clinton cared enough ~~enough~~ to keep trying to get through would be the only fair way. Also, the change that has one reporter (mostly) without out an opposite view seems unfair.

Brian you are my favorite moderator. I am amazed that you can listen to what you have to listen to, and not answered back. That is what we that are displeased with the new version want, and wanted from the leading networks, which we don't get. The only time I saw you speak ⁱⁿ your defence was when the lady called saying she was pleased with the screening process, and you said "You must be a democrat."

I also liked the old method of 3 or 4 reporters around the table, or the (2) / democrat, / republican around that beautiful

Madegany table, but I can
live without that system
Also, I really can't understand
why we aren't getting the
"trials", as we were getting
I hope you take this in
the spirit it's given. It is
meant to be constructive,
not just griping.

There is so much that I still
appreciate that you give
us, such as the House sessions
that lets us make our own
minds up because we hear
each side. We don't get that
from reporters in print or T.V.
They give "sound bites" and their
interpretation of the Matines.
You people are unique. We
that don't want you to ^{just} present
our side but both don't want
you to change & be "politically
Correct". Your system was not
broken so please don't fix
it.

Brian, About two weeks ago, a caller called in about the Charges you have made were unfair - you kept asking Name one thing - He was right but so animated he could not - You were right he needed to - So since you sincerely seemed to want some named - I took you up on it and named mine.

Thank you again for C-Span. Without ~~it~~ I would be more confused than I am, and would believe someone (reporter) else's interpretation of what was said. I have tried to get C-Span II but can't.
Sincerely,

La Fayette, La 30728
