Dear C-Span,

I want to commend you on your program "Former First Ladies Forum" from Kennedy Center, with Andrea Mitchell. How very interesting. Barbara Bush was delightful, bright, sparkling, refined and caring; her comments were well-thought. Andrea did an excellent job, and all the First Ladies responded well, each in their own personality.

The only thing I could possibly find better, would have been a more relaxed setting - possibly around a table, or in a semi-circle.

We need more good programming, such as C-Span provides; always done in good taste, and well.

Thank you.

Sincerely,

0-1st Ladies
