I'm watching your channel. KMOX radio from St. Louis, Mo. Are these people for real? I'm thinking I'm watching a "Muppets Show". Don't let these people know, but they come across as part of Oral Roberts' advance team, (on camera), and I'm conservative. Very entertaining...how would Barbara Bush fit amongst these talk radio types? As in the 1967 movie "The Graduate", the word for these mid-westerners is "PLASTIC".

P.S. I'm a New Englander.
