

Dear C-Span Call-in Nov. 29

Regarding this morning's
Call-in program with Cal
Thomas and man from Harper's
Magazine.

Cal Thomas uses the Bible, like
some of the TV evangelists, have
used the Bible, to enrich themselves.

Most people in this Country believe
in God, His principles set down
in the Bible. Conservatives, like
Thomas, have latched on to that
key word, the Bible, but use their
own set of principles.

Cal Thomas made one statement
that reveals his true intentions. He
said he would like for all of
Washington DC to be washed out
to sea, however, he lived in
the suburbs, and thus, would be
safe from that himself. What could
be more revealing of the selfishness?
