CSpan.

Washington D.C 20001.

Dear CSpan -

As always you are doing a good job.
Including all sides, Including Iraq
Ambassador - The Parrot.

But I believe Pres. Bush has gone
Crazy - Bush is making this an American
war - a bloody war that will be a
holocaust.

People will not need too worry
about the price of gasoline, there
won't be any to buy.

As always I get Rhetoric from
The White House - Every time I hear
Bush I get the.

We depend on CSpan - for as much
truth as possible - in The News

Sincerely,

C S p a m.

Before I could seal my
letter - Pres. Bush, This
is a united nation war
not an American war -

Then added. He would give
U. N and Russia a little more
time, Then He would
decide -

where does other fit
into this mess -

Other Countries are having
Second Thoughts and not
liking Bush too much
so fast or take the lead -
also he wouldn't give up
his boat or vacation -
yet He wants other
to loose their lives -

Our budget or debt
grows bigger Every day
Then this Bush war
is added too that -
