Dear C-Span:

I hope and pray that you will never give people like C. DeLores Tucker an opportunity to spread her garbage on television. Do you not think that is strange that she quoted statistics on other states but did not say anything about Philadelphia. That is because negros like her are responsible for bring drugs into the black community. I have been incarcerated for over thirty years and I know for a fact that people like her are able to talk very well about conditions in prisons and get black prisoners to think that she is and people like her are helping us. When she was Secretary of State for Pennsylvania she took bribes to help people obtained commutation and do other favors for prisoners with the money. People like her and the mayor of Washington, D.C. take and deal in drugs. I wonder why she did not say anything about the Black exploitation films like Superfly. Those films gloried drugs and demeans Black people. I don't hear her speaking out about movies like Independence Day. I cannot understand how a movie like that would do so well when we have people in our country wanting to do just what is being done in that movie. Another thing Ms. Tucker knows how to ~~do it~~ manipulate white people like The First Lady and Mrs. Gore. She mentioned the word "Village" about ten times while speaking.

Enclosed is a letter that I sent out to the black neighborhood in Philadelphia, Harrisburg and Pittsburgh. Those statistics I used are wrongs because 86% of the people on death row in this state comes from Philadelphia and are black. Over 56% of the men severing a life sentence in Pennsylvania comes from Philadelphia. I have notes over the years that people like Ms. tucker will go out of their way to help black men in prison who are known for selling drugs not only in the black community but prison too. Another thing I don't here her speaking out about drugs in Philadelphia. People like Ms. Tucker is not good for black or white people. People like her blame former President Reagan for what was happening in the Black neighborhood. Yet Nixon and Reagan made it possible for black males to get an education while in prison and learn about organizations through the Jaycees to help us go back into and help our neighborhoods. We black prisoners were told by other blacks to write letters to Reagan and Bush and criticize them. It is unfortunate that we don't have many African-Americans who can tell our young people the truth. I note that the liberal press pick our leadership for us. People like

Rep Gary Franks of Ct does not get any play because he say things to Black people that they do not want to hear. He is the only Black leader who has ever told the truth about Nixon and Reagan. I am sure that one day the truth about these former presidents will take hold and save our country from the likes of President Clinton. I guess that I have to change my prediction about Dole winning by a margin of 20% or more. Dole is not a real politician.

Keep up the good work C-Span.
