

o. impeach

I have been torturing myself
watching these impeachment hearings.
Does anyone have an allele?
What I don't understand is how
did Monica remember how many
times her genitalia & breasts were touched?
Did she have a clicker with her to
count the amount of times or does
anyone smell a set up. Counting
the amount of times certain parts
were touched is ridiculous. This
whole process has been a sham.
Of witnesses are called I better →

~~Raymond~~

see the ~~per~~ pervert Ken Starr
called - He still hasn't answered
the questions that were asked of
him by the Democratic Congress -
and these questions were much
more important I feel than how
many times & where the
Jezebel was touched.
I can't stand it anymore
STOP This Please
before I pull my hair
out or shoot myself.
This is all
Bullshit
