Mr. Lamb,

I have been watching you for years. Big fan here. Sorry to see you stopped Booknotes, but I can understand. Wish you did more Washington Journals, instead of just Fridays, but, again, I understand.

I saw the interview Chris Wallace did with you on a recent Sunday show. I enjoyed it. Wish you did more of those kind of interviews, too. Anyway ...

The reason I am writing is that I am seeking your autograph. Your hobby was visiting gravesites of presidents and vice presidents. Well, my hobby is collecting autographs. And not on just anything, but on baseballs. Doesn't matter what your profession or what sport you play, I collect autographs on baseballs. I have included a MLB baseball. I have also included a self-addressed envelope with postage paid.

I realize you are a very busy man, so if you don't sign, I understand. Just return the ball and I would have at least tried.

Thank you, sir.

Sincerely,
