

They were both about the
same age. I have seen
nothing about that
quotation endlessly
repeated about that
300 year old saying
"Ask not what the Country
can do for you - but
what you can do for your
Country" I am still
waiting. Why Ted Kennedy
also did not find out why
his 2 brothers were
assassinated. Maybe the
maf was all mixed up in it.

My dear Sir: AUG 08 REC'D

This morning I
sat for about one hour
waiting for you to post
a telephone number, or
address on the screen.
I wanted to ask why all
the noise about that
able Vice President, and
nothing said about
the late President Kennedy.
