

Dear C-Span:

002594 MAY 1393

You deliberately did not broadcast the Perot - NAFTA Hearing last Thursday in Washington. What are you afraid of? Will the Am. people know the truth about your liberal Dem. media coverage? Will Bill Clinton go down in ratings? I hope so. You broadcast everything else - Gays, Canadians, political events etc. but no coverage of NAFTA which is very important to jobs and policy. Perot is a patriot. Many people see him as a last hope. For God's sake Be FAIR to all of us.

Be fair. You can tell you lean
to Democrats most of time.
