Re: Booknote 9 June 96 w Chris
Matthews

One of the best C-SPAN programs
went down the drain with Mr.
Matthews!! Although the C-SPAN
show was recorded over a month
ago, Matthews has been hyping
his book repeatedly the past week
on his own CNBC show "Politics"
thus not much new on the C-SPAN
Booknotes. Too bad!

Matthews favorite subject is
Matthews, period! How he got
accepted at Notre Dame "quickly",
how he got a "good deal" at Duke,
how he uses "being in the business"
to contact sources, etc, etc, etc ad
nauseum.

The most telling part about Mr.
Matthews came at the end of
Booknotes, as the credits were
running. Matthews kicks back,
then slings one fat leg up over the
other knee, exposing a very un-
appealing amount of skin. The
man is just plain crude!!

Brian Lamb tried, but Matthews
mainly wants you to know just how
great Matthews is, not much else.
Name-dropping is his favorite
activity. Who cares??!
