Dear Marge -

Please tell Brian that in my opinion the sword Table
Clinton scandal - as a conservative
Fernandez 78220 red with the fact that Deborah Matthews
yet still made her point in
straight-out manner -

I would have no aversion to Clinton if he would
just get off of the O.J. - denial thing and admit that
he is human and can make mistakes like most of us -

I would suggest when you repeat the interview
with the Russian general - you edit out all of the Russian
language.

Sincerely,

J.WJ

Dear Marge -

Please tell Brian that in my opinion the sound Table was the best ever on this Clinton scandal - as a conservative I was especially pleased with the fact that Deborah Matthews avoided being defensive yet still made her point in an astute well-thought-out manner -

I would have no aversion to Clinton if he would just get off of the O.J. - denial thing and admit that he is human and can make mistakes like most of us -

I would suggest when you repeat the interview with the Russian general - you edit out all of the Russian language.

Sincerely,

J.WJ
