Re: Transcript or video of Mother Theresa's
speech

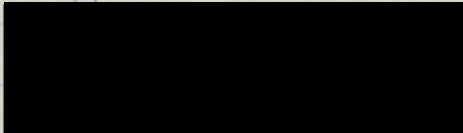

To whom it may concern:

I am interested in finding out if you are able to supply either a transcript or video of the speech Mother Theresa gave on Thursday (2-3-94) at the National Prayer Breakfast in Washington. From the two accounts I've read of it - it seemed to be a very impressive speech. Unfortunately, I only heard about it after the fact. If copies are available please inform me of the cost & I will be happy to order one for you.

May I point out at this time that I greatly appreciate your station's existence as it allows me to be a more informed citizen.

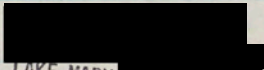

Thank you again for your time & effort
in this matter.

Yours Truly

P.S. If you are unable to supply the
items requested I would appreciate any
suggestions as to who I should contact next.

Send to:
