After watching 2-1/2 hours of H. Ross Perot on C-Span,
I have come to the following conclusion.

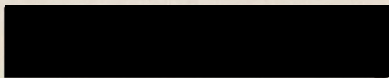

Beneath his extremely polished exterior, does not beat
a heart of gold, but a cold calculating human being that is
stooping to the lowest level of black mail. The proof is in
the pudding when he so adamantly states, the 1994 elections
are coming up, and if you do not vote my way, I will per-
suade my Organization, UWSA to vote against you. This is
black mail, pure and simple.

The rest of the show was pömpous ceremony.
